The following action is in response to the amendment received December 28, 2006.

Allowable Subject Matter

Claims 1-8 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or render obvious a freewheel hub device as defined in claim 1 particularly comprising a second locking ring means which is concentric with the first locking ring means and has a center bore and axial inner grooves, whose one side wall forms a third wedge surface, and wherein each lock body, when the lock body holder and second locking ring means are in a first mutual turning position after turning of the second locking means in the other direction relative to the lock body holder, abut against the associated third wedge surface, which, against the spring action, forces the lock body radially inwards in the lock body holder into engagement with the circumferential surface of the hub, whereby the hub is prevented from rotating in the one direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Amendment

The amendments to claims 1, 4, and 7 overcome the objections set forth in the previous Office action. Accordingly, the objection is withdrawn.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rodney H. Bonck whose telephone number is (571) 272-7089. The examiner can normally be reached on Monday-Friday 7:00AM - 3:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles A. Marmor can be reached on (571) 272-7095. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
